RE: Wetlands Bureau File #1999-01206, 108 Veasey Shore Road, Meredith

Dear Dr. Nelson:

On August 17, 2004, the Department of Environmental Services ("DES") received a plan for the removal of the 16 foot 5 inch by 4 foot wharf and associated walkway on the above referenced property, more specifically referenced on Town of Meredith Tax Map U-38 as Lot 16 (the "Property"). The submitted plan will effectively remedy the docking deficiencies noted in the Letter of Deficiency ("LOD" # 2003-26) dated September 11, 2003.

Please submit photographic evidence once the work has been completed. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,

Collis G. Adams, CWS
Wetlands Bureau Administrator
DES Wetlands Bureau
